

ExpertPM

ExpertPM is a comprehensive software system designed for practice management. **ExpertPM** utilizes Microsoft's .NET architecture to deliver web page content from a centrally-based server. The applications use Internet Explorer to deliver expanded screen information in an attractive new color palette. Patient information is accessible and deliverable in a secure environment to authorized users anywhere in the world.

ExpertPM is a state-of-the-art, provider-focused practice management solution with all the tools needed to streamline your healthcare center. **ExpertPM** provides reliable, robust, and user-friendly provider scheduling, patient registration with insurance card scanning, billing and accounts receivable, e-business manager, electronic claims submission and remittance, over 1200 standard reports, materials management, accounts payable, general ledger, distribution and tracking, CPOE, and electronic health records.

For more information on Exporior's products and services, contact our business development team at **800-595-2020** or via e-mail at sales@experior.com. For general product information, visit our website at www.experior.com.

Trusted Experience. Innovative Solutions. Unparalleled Service.
